MINISTRY OF COMMERCE & INDUSTRY

PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi, the 16th April 1960

SUBJECT —Import of Nalcite Ion-exchange Resins

No 47/ITC(PN)/60—Attention of the importers is invited to item 43 (Nalcite Ion exchange Resins) of list III of appendix XXVIII on page 525 of the Red Book for April/September, 1960 period

Nalcite Ion-exchange Resins being similar in composition and properties to other brands of Ion-exchange Resins classifiable under S No 116/V of the ITC Schedule, it has been decided to change the present classification of Nalcite Ion-exchange resin under S No 22-31/V and to reclassify it under S N 116/V of ITC Schedule as Synthetic Resins, all sorts, nos

Nalcite Ion-exchange resins may, therefore, be deemed to have been deleted from list III of appendix XXVIII to the current Red Book and added as a separate sub-item in the appropriate place under S No 116-V in the Red Book for the current licensing period as shown below:—

Part & S. No. of ITC S.chd.	Description	Licensing authority	Policy for Established I's	Validity of Licences	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
116 (ii)/V.	Nalcite Ion- Exchange Resins	Ports	50%	Six months	

The existing sub-serial No 116(ii)/V in the current Red Book has been re-numbered as 116(iii)/V and the description of this item may be deemed to have been changed to read "synthetic resins, all sorts, nos other than those covered by S Nos 116(i)/V and 116(ii)/V." The existing remarks against S No 116(ii)/V in the current Red Book will, therefore relate to S No 116(iii)/V in view of the change and the sub-serial number 116(ii)/V appearing in remark (ii) on page 335 as also in remark (iv) against sub-serial 1(c)(i)/III on page 133 of the current Red Book may be read as S No 116(iii)/V instead of S No 116(ii)/V. Other remarks against this sub-serial will remain unaltered

The existing entries of the following items on pages 415 and 417 (Appendix IX) of the current Red Book may be deemed to have been substituted by the following entries:

<i>Description</i>	<i>S. No. and Part of the I.T.C. Schd.</i>
Nalcite-Ion-exchange resins.	116(ii)/V.
Synthetic resins, all sorts n.o.s. other than phenolic alkyd and maleic resins and urea resins and Nalcite Ion-exchange resins.	116(iii)/V.

The basic period of these items as shown in the Appendix IX to the current Red Book will however remain unaltered.

The quotas already established under S. No. 22-31/V will remain undisturbed but the quota certificates will have to be amended to show the present classification of the item. Importers are required to get their certificates suitably amended from the licensing authorities.

K. T. SATARAWALA,
Chief Controller of Imports & Exports.
